

HYBRID lashes

Full Set (2 hours 15 minutes) £50.00

Hybrid lashes are a combination of two techniques: Classic Lashes and Russian Volume lashes. Taking the best bits from both treatments, Hybrid lashes will give you volume and length, resulting in a more natural effect than Russians but slightly fuller than classic lashes (hence the name 'Hybrid'). All fans are handmade, so the lashes can be tailored individually to a variety of different lengths, curls and thicknesses. This means that hybrid lashes are limitless with regards to which styles can be achieved. Prior to your appointment, please have an idea of what you would like and take a look at our Instagram for inspiration photos. This will help to make sure you get the look you desire.

Please book using our online booking system and make sure to read all policies and terms & conditions before confirming your appointments.

Infill 2 Weeks (1 hour 15 minutes) £35.00

Due to your natural lashes shedding, you will notice that gaps start to appear in your lash extensions. An infill should be carried out every 2-3 weeks. Not only does this keep them looking beautiful, it prevents your natural lashes from becoming damaged and weakened. During the infill process, grown out lashes will be carefully removed and new lashes will be applied to fill the gaps due to fallout and removal. You must return with at least 50% of your lashes left to be considered an infill. Anything less than this will require a full set.

Please book using our online booking system and make sure to read all policies and terms & conditions before confirming your appointments.

Infill 3 Weeks (1 hour 15 minutes) £37.00

Due to your natural lashes shedding, you will notice that gaps start to appear in your lash extensions. An infill should be carried out every 2-3 weeks. Not only does this keep them looking beautiful, it prevents your natural lashes from becoming damaged and weakened. During the infill process, grown out lashes will be carefully removed and new lashes will be applied to fill the gaps due to fallout and removal. You must return with at least 40% of your lashes left to be considered an infill. Anything less than this will require a full set.
