

EXTRA'S

Eyelash Removal (30 minutes) £12.00

A professional eyelash remover will be applied to the base of your eyelash extensions. This remover works quickly to break down the bonds of the adhesive used to glue the lashes. Within only a few minutes, the eyelashes will simply fall off while protecting and preserving your natural lashes underneath. Without proper removal, you could cause long term damage to your natural lashes.

Please book using our online booking system and make sure to read all policies and terms & conditions before confirming your appointments.

Mini Fill (30 minutes) £22.00

This is a quick 30-minute appointment where more lashes are applied, using your preferred method. Mini fills are a perfect for a quick touch up if you have a special occasion in between regular infills and you want some extra glam! This is also a great additional treatment to consider during hotter weathers where retention is reduced slightly.

Please note- this can not be used as a replacement for infills as no lashes are removed during the process. Please book using our online booking system and make sure to read all policies and terms & conditions before confirming your appointments.

Eyelash bath (10 minutes) £3.00

A professional, gentle clean of your lashes by making sure that all impurities, makeup residue and dirt are cleaned off the lashes. Regular cleaning of your lashes will help with a longer retention period and will prevent any eye infections or infestations from occurring which can happen from lack of proper care. At home aftercare should also be followed alongside this treatment, in between your lash appointments.
